Dear Mr. Customer,

With the excitement of the changing seasons, we are pleased to welcome Greg Berg, landscape designer, to our **LAMMSCAPES!** sales & design team! Greg joins us with over 18 years of experience in the green industry, combining his passion for people, plants and the fine arts. Completing his horticultural education at the University of Minnesota and coursework in commercial artistic design at Hennepin Technical College, he enjoys working with each homeowner, considering their yard as the artistic canvas and the design like fine art - producing a custom landscape masterpiece as a final result.

Originally from the Minneapolis/St. Paul area, Greg has also lived throughout Wisconsin and currently lives in West Bend. He enjoys snowboarding, fishing, motorcycle riding and time outdoors with his wife, daughter and their family dog. Greg's love for art, music and nature has taken him on various travels throughout North America and Europe. He notes his favorite destinations as Kauai, filled with tropical plants and Paris, strengthening his love of art.

Greg joins our design team with experience in artistic color sketches, acrylic and oil painting and computer design – all of which he uses in helping clients make their landscape dreams a reality.

**LAMMSCAPES!** design team can create your backyard destination, including creative plantings, patios, fireplaces and outdoor lighting. Seasonal décor and services include Christmas decorating, landscape management and snow removal. Our team is available to help you with your home or business needs throughout all seasons.

As always we value you as our customer and look forward to working with you in the years ahead. Enjoy a blessed Thanksgiving and Christmas season!

Sincerely,

John Lamm
